BARILLA FOR PROFESSIONALS

Adding value and providing solutions for our operator partners in foodservice around the globe.

- Sustainable supply chains from field to fork
- Clean labels with non-GMO certification

Value-added products like Barilla Protein+® or our Legume Pastas offer operators cost-effective, plant-based protein solutions that meet consumer demand and support sustainability.

As a global brand, we're positioned to deliver consumer and market insights, culinary support and training, and marketing muscle.

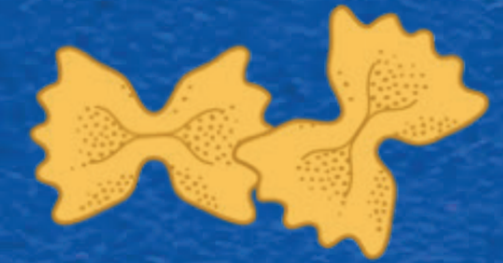

QUALITY YOU CAN DEPEND ON

Uniform in size, shape and signature color in every case.

During cooking, pasta will resist sticking, clumping together and breaking.

Stringent quality standards ensure authentic texture and "bite" as well as a pleasant taste and aroma.

VARIETY

Over 35 different pasta cuts broaden your offerings and meet a greater variety of tastes and nutritional needs.

Diverse product ranges include Classic Semolina, Al Bronzo®, Protein+®, Whole Grain, Gluten Free, and more.
